

I wanted to make you aware that due to relocation of the stream/driveway to prepare for construction on the Ministry and Performing Arts Center that next week the **main turn-lane/sign entrance will be one-way only.**

Please make all left turns onto campus using the turn lanes, but **this entrance will be right turn only.** You will need to drive all the way around campus to park at the chapel, library, administration building, etc. When exiting campus you will need to use the west exit (near the Administration Building and Moats Hall).
